#### **SKINCARE**

Like the outdoors, our skincare is alive with natural texture, colour and aroma. A mix of protective, sometimes indulgent beeswax skincare products. Recipes crafted by us from plant-based ingredients to each perform a distinct function. Always 100% natural and made by Filberts.

## CRAFT

Roll your own beeswax candles or make lip balm from scratch. Craft kits are for the hands-on crafty type looking for a new project.

#### **GIFT**

Give a little piece of West

Dorset to someone who loves
the outdoors and natural
living.

#### **HOME & GARDEN**

No frills, just classic beeswax products and seeds for bees. Breathe some Dorset life into your furniture, shoes and floors.
